Scholarship Report

Scholarships Are at The Root of Our Purpose

Selection and Distribution of Scholarships

We adhere to a formal award process driven by the Scholarship Committee. The Committee carefully reviews all applications and recommendations for consideration.

We typically award an amount of \$2,500 per scholarship. Scholarships are awarded throughout the year, often at our quarterly AWAFF events and the Annual Golf Outing.

Applications Always Accepted

It is our desire that with these scholarships we will lessen the burden on students and allow them to focus on gaining knowledge and developing expertise in automotive-related fields.

Students who are interested in learning more about scholarship opportunities and are currently pursuing an Associate, Bachelor, Master or PhD degree should visit www.AWAFFoundation.org to access the **Education Scholarship Application**.

Our Board and Foundation Members Focus

Established in 2001, our board and members include individuals and entrepreneurs from OEMs, suppliers, businesses and academic providers.

We are an active professional foundation dedicated to supporting the advancement of automotive women professionals. The Automotive Women's Alliance Foundation ("AWAF") strives to motivate current and future students studying in automotive-related fields.
