

Kit Challenge

**Calling all
high school
students!**

- Do you like coming up with new, creative ideas?
- Do you have ideas on how to make learning about Science, Technology, Engineering, and Math fun?
- Do you want to help advance and empower middle school students in STEM?
- Would you like to earn 20 hours of community service from your home?

If you answered **YES!** then AWA Foundation is looking for you to participate in the **AWAF STEM KIT CHALLENGE**.

This year, AWA Foundation is partnering with the Girl Scouts of Southeastern Michigan to bring you the STEM Kit Challenge! Form a team of 1 to 4 people to create a STEM kit with a materials cost of no more than \$25. The winning STEM kit team receives a \$100 Amazon gift card and the possibility of the kit being created in bulk and delivered to a group of middle school students, ages 13 and older.
